

## 1. AREA OF APPLICATION

These terms and conditions apply for all CapCorn Hotelclient bookings (reservation system). This reservation system is made available free of charge to individual accommodation establishments by the system operator and Tourismusverband Obertauern.

## 2. BOOKINGS

Only the guest and the accommodation establishment shall enter a contractual relationship with binding bookings made via this system. The system operator and Tourismusverband Obertauern are excluded from liability for any claims arising from the use of this system. The General Terms and Conditions for the Hotel Industry 2006 (AGBH 2006) in its version of 15th November 2006 apply to the contractual relationship between the guest and the accommodation establishment. From a legal perspective, the “binding booking” via the client constitutes a binding offer from the guest to the respective accommodation establishment. A mutually binding accommodation contract only takes effect with the return confirmation of the accommodation establishment.

## 3. APPLICABLE LAW

Austrian law is exclusively applicable for the contractual relationship between the guest and the accommodation establishment. In addition, the General Terms and Conditions for the Hotel Industry 2006 (AGBH 2006) [http://www.hotelverband.at/down/AGBH\\_061115.pdf](http://www.hotelverband.at/down/AGBH_061115.pdf) are considered to be agreed upon. The General Terms and Conditions as used by the respective accommodation establishment constitute an additional contractual basis.
